WORK EXPERIENCE & KNOWLEDGE

Decentralised Energy Limited.

Lagos State, Nigeria

Business Development Associate

April 2026 - Now

- Originate, identify, screen, and develop business opportunities across the power, natural gas, CNG, and energy infrastructure sectors, conducting market research, opportunity assessments, preliminary due diligence, and commercial viability analysis to support pipeline development and investment decisions.
- Perform commercial and financial analysis for prospective and existing projects, including reviewing financial models, tariffs, pricing structures, project returns, payment security arrangements, risk allocation, and investment viability; support the development of business cases, commercial models, joint ventures, bilateral supply arrangements, embedded power projects, and strategic partnerships.
- Coordinate end-to-end project development and transaction execution from initial client engagement and feasibility assessment through internal approvals, consultant procurement, contracting, and implementation, while managing cross-functional teams, customers, utilities, regulators, vendors, consultants, and project partners to ensure timely delivery of key milestones.
- Support commercial negotiations, market strategy, and executive decision-making by analysing regulatory and electricity-market developments, negotiating tariffs, gas prices, PPAs, GSPAs, supply agreements, and other contractual terms, and preparing approval memoranda, investment papers, presentations, speaking notes, and progress updates for the CEO, Executive Committee, and Board-level stakeholders.

Distributed Renewable Energy Enhancement Facility Limited.

Lagos State, Nigeria

Project Finance Associate

September 2025 – June 2026

- Developed and maintained complex project finance models to evaluate the bankability of distributed renewable energy projects, incorporating scenario and sensitivity analysis to assess financial viability, risk exposure, and projected cash flows.
- Conducted end-to-end financial due diligence, reviewing project budgets, financial statements, and cash flow projections to ensure alignment with lender requirements, investment criteria, and regulatory standards.
- Structured financing solutions for renewable energy projects, supporting capital arrangements including debt, equity, and blended finance, while preparing investment memos and pitch documents for internal approvals and external investors.
- Collaborated with InfraCredit technical team to align financial models with technical specifications and lender due diligence criteria, ensuring project documentation met international project finance standards.
- Prepared investment committee reports and client presentations, delivering actionable insights on project valuation, risk-return profiles, and credit analysis to support decision-making and successful financial close.

- Supported stakeholder engagement and investor relations, including co-investors, developers, and government agencies, contributing to pipeline development, business proposals, and strategic financing initiatives in the clean energy sector.

CardinalStone Partners Limited.
Investment Banking Analyst

Lagos State, Nigeria
July 2023 – August 2025

- Developed and maintained complex financial and valuation models for acquisitions, financing transactions, and strategic investments across the oil and gas, power, financial services, and consumer goods sectors, using Discounted Cash Flow, Comparable Companies Analysis, Precedent Transactions Analysis, and scenario and sensitivity analysis to forecast performance, assess risks, evaluate investment returns, support negotiations, and enhance overall deal value.
- Supported the execution of high-profile mergers and acquisitions and capital markets transactions, including acquisition analysis for a Tier 1 Nigerian bank's proposed acquisition of a leading West African bank, Access Holdings Plc's ₦365 billion rights issue, Zenith Bank Plc's ₦290 billion rights issue and offer for subscription, and Dangote Cement Plc's ₦83.3 billion Commercial Paper issuance; performed financial modelling, valuation, transaction analysis, due diligence support, and preparation of deal documentation to inform strategic decisions and facilitate successful transaction execution.
- Conducted thorough due diligence and financial analysis for M&A transactions, IPOs, and debt/equity financings, ensuring regulatory compliance and providing strategic insights for deals worth ₦50 Billion.
- Led the structuring and execution of several commercial paper and equity issuances, including Daraju Industries Limited's ₦20 billion and Valency Agro Nigeria Limited's ₦40 billion commercial paper issuance, driving oversubscription and strategically optimizing issuance timing.
- Advised a leading energy infrastructure platform company in Nigeria on a potential acquisition of significant stake of a financial investor in a leading gas and power portfolio company in sub-Saharan Africa
- Prepared investor presentations, memorandums, and pitch books to enhance client engagement while supporting market research, business development, and opportunity screening through financial modeling, due diligence, and project analysis.

Guaranty Trust Bank PLC
Executive Trainee

Lagos State, Nigeria
May 2023 - June 2023

- Presented comprehensive credit approval memos, including detailed analyses of creditworthiness, risk assessments, and recommendations, to support informed decision-making by senior management.
- Assisted in credit evaluation by analyzing financial statements, credit reports, and models while engaging clients to gather information, clarify needs, and ensure compliance with regulatory and internal policies

Axis Partners Limited
Accounting Officer

Lagos State, Nigeria
November 2022 – April 2023

- Managed end-to-end accounting processes including transaction recording, budget forecasting, financial reporting, audits, and period-end closings and evaluated internal controls, analyzed financial performance, and advised management on compliance and efficiency improvements.

Gems Consulting Company Limited
ERP Trainee Consultant

Lagos State, Nigeria
March 2022 - October 2022

- Implemented, configured, and supported Microsoft Dynamics Navision and Business Central ERP across Finance, Production, HR, Sales, Treasury, and Payroll modules, delivering end-user training, troubleshooting and coordinating with third-party consultants to resolve issues, and providing daily and on-call application support including project testing and monitoring
